

## **10-16-17 The newest math**

I was about ten years old when I was sitting in the chair at Mr. Harry's barber shop, and Mr. Harry asked me, "What do you think of the new math?"

I don't know how I answered and I had no clue as to what he was asking, or why. But I remember this incident because he grouched that he was "against" new math, whatever that was.

Well Peter, the disciple, once asked Jesus a math question, and Jesus introduced him to the new math.

"How many times do I forgive a brother or sister who hurts me? Seven?" asked Peter. And Jesus replied, "Not seven, but seventy times seven."

Welcome to the new math of Grace.

Just a thought. I'm Sid Batts from First Presbyterian Church in downtown Greensboro, [fpcgreensboro.org](http://fpcgreensboro.org).
