

3-30-16 Best team ever?

Even casual basketball fans have been paying attention to the Golden State Warriors this year. That's because the Steph Curry-led team is on pace to break the record for most wins in an NBA season. The 1996 Chicago Bulls, led by Michael Jordan, hold the record with 72 wins.

But not everyone is eager to call the Warriors the best team ever. Former players Oscar Robertson and Charles Barkley say the Warriors would have lost more games back when referees called fewer fouls.

Well comparing the past and the present can make for a fun debate, but the fact is, there's no way to know for sure. So the Warriors are focusing on what they can control: the present.

And that's a good approach for a healthy spiritual life as well.
